

## NINE FAST BREAKERS NOW IN HIGH SPIRITS

'Could Eat Anything,' Says  
One After Relishing a Glass  
of Lemonade.

### READ MORNING PAPERS

Jail Doctors Deny They Are  
Out of Danger, but Predict  
Recovery.

By the Associated Press.

CORR, Nov. 13.—"Not out of danger, but there is no reason why we should not pull them through," said the jail doctors in a report on the condition of the nine hunger strikers in Cork jail, who yesterday broke their fast of ninety-four days.

Every three hours the prisoners are given liquid nourishment. The diet will be continued until Monday, when the first solid food, in the shape of boiled fish prepared with milk, will be served them. With one exception they were able to read the newspapers this morning. All of them drank large quantities of very sweet lemonade with much enjoyment.

Their first food yesterday was such as is given to infants less than six months old. Their appetites are returning rapidly. John Crowley said this morning: "I could eat anything."

The physicians regard it as remarkable that none of the men has shown the slightest sign of scurvy. Both Dr. Tension and Dr. Buttcombe, the prison physicians, think it may be two or three months before they will regain their strength and that it will probably be a year before they are normal. They are counting on the beneficial influence of the prisoners' changed state of mind to hasten recovery. The emaciation of the prisoners is so bad that, according to the doctors, it is possible to encircle their ankles with the first finger and thumb. This afternoon, for the first time in more than ten weeks, the doctors, both of whom were threatened with death if any hunger striker died, left the jail for a stroll about the city.

### VENEZUELA SEEKS CAPITAL.

THE HAGUE, Nov. 13.—Venezuela is now making serious efforts to interest European capital in its resources. With this object in view, that country has sent Cesar Zúñiga, Inspector of Consulates, to Holland to negotiate with Dutch capitalists.

## U. S. AND SINN FEIN FLAGS START RIOTS

Bullets and Missiles Fly in  
Belfast Streets.

BELFAST, Nov. 13.—Sinn Fein arches displaying the Sinn Fein and American flags were the source of party frictions here last night. Fierce stone throwing and revolver firing occurred and intervention by the police, with removal of the arches, was necessary to restore order.

CORR, Nov. 13.—Reprisals have been threatened in connection with the abduction of Thomas Griffin, warder of the Cork jail, who was kidnapped on October 10, while on the way to his home. The following notice was found posted in the door of the office of the Cork Examiner: "Final notice! If Warder Griffin is not released within forty-eight hours Cork will remember his abduction (sland). By order of the Black and Tans."

### GOVERNMENT JOB FOR MINER.

Britain Takes Care of Union Officer Under Radicals' Fire.

LONDON, Nov. 13.—William Brace, president of the South Wales Miners' Federation, has accepted a position in the Government Mines Department at a salary of £2,700 a year.

Mr. Brace assisted in the settlement of the recent miners' strike, and his attitude caused a campaign to be instituted against him by the extremist elements in the federation.

### EXCHANGE RATE HITS URUGUAY

MONTEVIDEO, Uruguay, Nov. 13.—Because of the continuing advance of the American dollar, which is now quoted at 122, importers of American goods in Uruguay are planning joint action against receiving shipments unless payment shall be accepted in Uruguayan gold pesos, dollars for pesos, it was announced today.

### PORTUGAL HONORS UNKNOWN DEAD.

LISBON, Nov. 13.—Parliament has voted a sum to bring the bodies of two unknown soldiers from the Flanders battlefield and from Africa for interment in the Church of Belem, this city, where many Portuguese monarchs are entombed.

### MORE DELEGATES FOR GENEVA

PARIS, Nov. 13.—The Argentinean, Brazilian, Chilean, Peruvian and Cuban delegations to the League of Nations assembly left here last night for Geneva, where the sessions of the league will open on Monday. The other South American representatives planned to depart for Geneva today.

## ITALY HAS GAINED STRONG FRONTIER

Best That Could Be Desired  
for Defensive Purposes, Says  
Signor Bonomi.

### SERBS SURE TO APPROVE

Concessions Made on Both  
Sides but D'Annunzio  
Is Silent.

By the Associated Press.

RAPALLO, Italy, Nov. 13.—A defensive treaty between Italy and Jugoslavia will be negotiated and concluded at an early date, according to reports current here.

"The apprehension felt in some quarters that the Serbian Constituent Assembly about to be elected will not approve the Rapallo treaty is unfounded," said Signor Bonomi, the Italian War Minister, to the Associated Press today, "as M. Trumbitch (the Jugo-Slav Foreign Minister) promised that the treaty would be ratified by royal decree, as was done by Italy in the case of the treaty of St. Germain."

"The Alpine frontier obtained by us," continued the Minister, "is the strongest that could be desired for defensive purposes, without having any advanced posts from which to carry out aggressive measures against our neighbors. For this reason we consented to give up Longatico, which dominates Libach, as we do not believe anybody in Italy is

anxious to conquer Libach. But our frontier even there is almost inaccessible."

"As for Montenegro and Albania, the conference at Rapallo has not bartered any of their territories, nor has it violated the independence or will of other peoples. It only discussed questions strictly connected with Italy and Jugoslavia."

"D'Annunzio must be satisfied that his noble aim has been attained. During the night we have tried to communicate with him in order to know his impressions. But Fiume and D'Annunzio have been impenetrably silent."

GENOA, Italy, Nov. 13.—Deputy Gullotti, president of the Federation of Senators and hitherto a strong supporter of D'Annunzio, said to-day that he considered the Adriatic question justly solved, and therefore he does not intend to give further support to any expedition or occupation opposed by the Jugo-Slav and Italian Governments.

### D'ANNUNZIO TO FIGHT ADRIATIC SOLUTION

Trieste Says He Is Dissatisfied With Fiume Boundary.

TRIESTE, Nov. 13.—Gabriele D'Annunzio, the insurgent Italian commander at Fiume, is expected to decline to accede to the provisions of the agreement signed at Rapallo between Italy and Jugoslavia for the settlement of the Adriatic question, according to advice from Fiume. He is reported dissatisfied with the boundaries fixed for the State of Fiume and also against the cession of Dalmatia to the Jugo-Slavs. D'Annunzio has not issued any statement as yet setting forth his position, but has promised to make one public shortly.

The D'Annunzio troops in Fiume, reported to have been fired to enthusiasm by addresses of the commander held a "council of war" in Fiume last evening.

## SAYS AMERICA WILL STAND BY FRANCE

Dr. Laplace of Pennsylvania  
University Assures Paris  
of U. S. Loyalty.

### CALLS HARDING FRIENDLY

If France Were Attacked Amer-  
icans Would Rise to Her  
Defence, He Adds.

Special Cable to THE NEW YORK HERALD.

Copyright, 1920, by THE NEW YORK HERALD. New York Herald Bureau, Paris, Nov. 13.

The United States may have refused to sign the Anglo-French-American alliance, but numerous Americans visiting France continue to assure the French press that America does not intend to let France suffer from an invasion in the future. The latest of these visitors here to give this assurance is Dr. Ernest Laplace, professor of surgery in the University of Pennsylvania, who is the guest of his brother-in-law, Dr. Borsch, a famous French oculist. In an interview printed in the *Edair* this morning Dr. Laplace declares that Mr. Harding is merely the mouthpiece of the American nation, but is ready to work for the reconstruction of the bonds of friendship which have held the two Republics.

"But let no doubt arise regarding America's loyalty," Dr. Laplace says. "If France were attacked tomorrow Americans would rise spontaneously to her defense. When the world realizes that what will be the use of promoting

quarrels between friendly Republics such as ours?"

Dr. Laplace's assurance is given much attention. He has been accorded private interviews with President Millerand, Marshal Foch and other French notables, to whom he explained the antipathy of the American people to President Wilson's domination.

### LAND FRAUDS CHARGED.

Italian Deputy Accused of Profiteering From Peasants.

ROME, Nov. 13.—Violent scenes occurred in the Chamber of Deputies yesterday when the reform Socialist Drago, Deputy from Palermo, accused the Maximalist Vincenzo Vacrea, Deputy from Bologna, but a native of Sicily, of having speculated in land, which Deputy Drago accused Vacrea of having sold to Sicilian peasants at a profit of 70,000 lire.

Several times the two Deputies were restrained from coming to blows by friends. On the suggestion of Deputy Modigliani, Socialist, the President of the Chamber appointed a commission to ascertain whether Deputy Drago's accusation is true. If the charge is proven Deputy Vacrea must resign; in case it is false Deputy Drago must submit his resignation.

### SALVADOR VOLCANO ERUPTS.

Lava and Ashes Pour Out From Two Big Craters.

## U. S. AND JAPAN NEAR ALIEN LAW SOLUTION

Both Tokio and Washington  
Report That Agreement Is  
Not Far Away.

### ORIENTALS OFFER PLAN

Insist That Exclusion From  
U. S. of Laborers Be Done by  
Japanese Decree.

By the Associated Press.

TOKIO, Nov. 13.—Newspapers of this city report that the Japanese and American Governments have reached an agreement in principle relative to the exclusion of Japanese laborers from the United States. It is asserted, however, that there is a disagreement regarding the methods to be employed.

America is understood to desire provisions for exclusion embodied in a treaty, but Japan, it is said, regards this procedure humiliating and as forming a precedent she might be forced to follow in treaties negotiated in future. Japan is declared to consider that measures prohibiting her subjects from emigrating can be taken only on her own initiative.

In other respects the negotiations are progressing, it is reported, and once this point has been settled an agreement may be expected.

### GERMANS GET COWS HERE.

BERLIN, Nov. 13.—Seven hundred Holstein cows, composing the first consignment of milk cows donated by Americans to Germany, arrived in Hamburg to-day, where they have been quarantined pending action by the American donors and German officials who will determine their final destination.

stood that the end of the negotiations was near.

Whether exclusion of Japanese laborers from the United States shall be effected by a provision of the new treaty or through a decree promulgated by the Japanese Government is said here to be regarded not as a question of principle but solely of expediency.

The American position is that the inclusion of such a provision in the treaty would facilitate ratification of the pact by the Senate, but the Japanese position is that the treaty would be more likely to receive popular support in Japan if it did not contain such a provision and if reliance was had entirely upon the willingness of the Japanese authorities to execute faithfully an internal law or decree covering the subject.

### FRENCH COAL STRIKE HALTED.

PARIS, Nov. 13.—It is officially announced that the coal miners' strike, which was to have been called for Monday unless the companies agreed before midnight to-night to enter into discussion concerning an increase of the miners' salaries, has been postponed. The miners have decided to await the outcome of a meeting between the owners and representatives of the men, which has been arranged for Thursday.
